Village Round Table

Village Round Table Committee:

Mike Siverns, Chair (email: jennifersiverns@hotmail.com)

Peter Blanchet

Luba Fraser

Carol Perrin

Bill Smelser

Tina Clement

Phil Loforti

Jennifer Siverns

Doug Widdicombe

With winter again just around the corner, the current focus of the VRT committee is to co-ordinate the snow management planning for those self-administered laneways west of Garrison Village Drive wishing to take advantage of our group dynamics. All these laneways have been happy with the contractor we have engaged for the last two winters, and revised contracts for this coming winter have already been prepared and distributed to all participating laneways for their signatures. In addition, regarding "salting on demand", the Village Round Table committee will once again coordinate requests from the laneways for better cost control.

Over the past six years since the start of the Village Round Table, the development of the VCA into a more dynamic and proactive association, combined with the decreasing requests for assistance by the now well-established Village residents, has led the Village Round Table at this time to consider refocusing its direction. We believe that we should perhaps focus solely on the (maintenance) needs and concerns of our self-administered laneways. Our committee has already discussed this and a final decision will be made at our spring 2025 meeting. Discussions have also been held with leads from the Condo managed laneways with a view to sharing any information from our past experiences that might be relevant to them and to open lines of communication.

Mike Siverns, Chair
